

NRH Safety Guidelines

In order to do our part to ensure your child's safety, NRH Board is posting the following safety guidelines regarding NRH hosted events. NRH hosted events are considered any event in which NRH has publicized as a "drop off event" i.e. camps, half/full day clinics. Regular season hockey practices and games are NOT considered drop-off events. Open skate nights are also not considered a drop off event. For non-drop off events, you remain the responsible guardian for your child.

NRH Board/Coaches requirements:

- NRH Board members and coaches will undergo a background check
- NRH Board members and coaches will undergo a prevention training
- NRH Board members and Coaches will attempt to limit one to one interaction with a minor while being in an observable and interruptible distance of another adult.
- Board members and Coaches may not utilize the facility restroom while occupied by minors.

General:

- For drop-off events, parents must sign a drop - off form and indicate who is permitted to pick up your child if not parent dropping off
- Due to our facilities being affiliated with the Gwinnett County Parks and Recreation system and the premises open to the public, kids will be encouraged to visit the bathroom in pairs, so child is not entering the bathroom facility alone.
- It is ultimately the parent/child's responsibility to gear-up. Board/Coaches may assist with gear adjustments i.e. helmet, shin guards, knee pads, goalie pads... if needed, however, assistance must be done observably.
